Project

TELL ME is a 36-month Collaborative Project, which aims to provide evidence and to develop models for improved risk communication during infectious disease crises. TELL ME combines public health, social sciences, behavioural sciences, political sciences, law, ethics, communication and media, in order to develop original communication strategies regarding complicated messages and advice based on uncertainties, also addressing vaccine-resistant groups.

Here is a list of the TELL ME deliverables that have strong implications with the ASSET aims and purposes:

- D1.1 - Systematic Review Report. Population behaviour during epidemics
- D1.2 - Review of components of outbreak communication
- D1.3 - Segmentation & Communication Needs of Target Groups
- D1.4 - Report on Vaccine Acceptance/Refusal to Vaccination
- D1.5 - Report on Narratives and Urban Myths
- D1.6 - Human Rights, stigmatisation and risk of discrimination
- D1.7 - Population Behaviour in Epidemics Summary Report
- D2.2 - Report on Stakeholder Communication Requirements
- D2.3 - Report on Health Care Professional Communication Requirements
- D2.5 - New Social Media
- D2.6 - Digital Resources for Disease Detection
- D2.7 - The New Global Health Security Regime
- D2.8 - New Challenges and New Methods for Outbreak Communication Summary Report
- D3.1 - New Framework Model for Outbreak Communication
- D3.2 - TELL ME Communication Kit
- D3.3 - Prototype online course for primary care staff
- D3.4 - Legal Ethical Political Implications
- D3.5 - Guidance for Using WHO Threat Index
- D4.3 - Prototype Software (Documentation)
- D4.4 - Testing: health professional panels in

the EU
D4.5 - Testing Health Professional Panels US
D5.1 Dissemination Report
D5.2 - Networking Report
D5.3 Updated plan for use and dissemination
