## **MMLAP and other EU Projects**

### **AsiaFluCap**

Health system analysis to support capacity development in response to the threat of pandemic influenza in Asia

### **BEWATER**

Making society an active participant in water adaptation to global change

### **CASI**

Public Participation in Developing a Common Framework for Assessment and Management of Sustainable Innovation

### **CIMULACT**

Engaging all of Europe in shaping a desirable and sustainable future

### **DARWIN**

Expect the unexpected and know how to respond

### **DRIVER**

Driving innovation in crisis management for European resilience

## **ECOM**

Effective communication in outbreak management: development of an evidence-based tool for Europe

## **EDEN**

Solutions to improve CBRNe resilience

## **EPISOUTH**

Network for Communicable Disease Control in Southern Europe and Mediterranean Countries

## **EPIWORK**

Developing the framework for an epidemic forecast infrastructure

## **EUPHARE**

Strengthening of the national surveillance system for communicable diseases

## **EUROHEP**

Surveillance of vaccine preventable hepatitis

## **EuroMOMO**

European monitoring of excess mortality for public health action

## **EURONHID**

European network for highly infectious disease

## **EUVAC.NET**

Dedicated surveillance network for surveillance and control of vaccine preventable diseases in the EU

## **FLUMODCONT**

Modelling the spread of pandemic influenza and strategies for its containment and mitigation

## **FLURESP**

Cost-effectiveness assessment of european influenza human pandemic alert and response strategies

## **GAP2**

Bridging the gap between science, stakeholders and policy makers

## **HProImmune**

Promotion of immunization for health professionals in Europe

## **INPROFOOD**

Towards inclusive research programming for sustainable food innovations

## **JA-CHRODIS**

Addressing chronic diseases and healthy ageing across the life cycle

## **M-Eco**

Medical ecosystem ? personalized event-based surveillance

## **MAPPING**

Studying the many and varied economic, social, legal and ethical aspects of the recent developments on the Internet, and their consequences for the individual and society at large

## **MARINA**

Get involved in the responsible marine research and innovation

## **PACITA**

Knowledge-based policy-making on issues involving science, technology and innovation, mainly based upon the practices in Parliamentary Technology Assessment

## **PANDEM**

Assessment of the current pandemic preparedness and response tools, systems and practice at national, EU and global level in priority areas

## **PE2020**

Analysis of innovative public engagement tools and instruments for dynamic governance in

the field of Science in Society

## **PERARES**

Public Engagement with Research And Research Engagement with Society

## **PHEME**

Computing Veracity ? the Fourth Challenge of Big Data

## **PREPARE**

Providing infrastructure, co-ordination and integration of existing clinical research networks on epidemics and pandemics

## **PROMOVAX**

Promote vaccinations among migrant population in Europe

## **R&DIALOGUE**

Creating mechanisms for effectively tackling the scientific and technology related challenges faced by society

## **RESPIRE**

Improve the quality of indoor air, keeping it free from radon

## **SATORI**

Improving respect of ethics principles and laws in research and innovation, in line with the evolution of technologies and societal concerns

## **SECURING CITIES AGAINST GLOBAL PANDEMICS**

Investigating how cities in the West securitise against global pandemics

## **SEiSMiC**

Creating a structured dialogue and mutual learning with citizens and urban actors by setting up National Networks in 10 countries across Europe

## **SIS CATALYST**

Identifying how children can be change agents in the Science and Society relationship

## **SYN-ENERGENE**

Establishing an open dialogue between stakeholders concerning synthetic biology's potential benefits and risks

## **TELLME**

Transparent communication in Epidemics: Learning Lessons from experience, delivering effective Messages, providing Evidence
