Dialogue & Participation

WP1 is about building a common approach concerning the societal challenges among the different project partners and ensuring the overall scientific coordination of the MMLAP.

WP1 main objectives are:

Study & Analysis

WP2 is about the state of the art research and existing studies on pandemics, and their wider societal implications, research and innovation in this area, and the operational and regulatory environment. Its main objectives are to establish a baseline knowledge about:

Action Plan Definition

WP3 aims to design the Action Plan and its main components. WP3 objectives are:

1. the definition of the overall architecture of the Action Plan;
2. a roadmap towards the incorporation of user-driven open innovation in the area of pandemic preparedness and response;
3. an handbook of the action including also detailed timetable;
4. a collection of tools ? tool box ? including checklists, guidelines, and downloadable templates.

Citizen Consultation

WP4 will carry out a public consultation. Its main objectives are:

Mobilization and Mutual Learning

WP5 aims to carry out MML actions at European, national, and local level. Notably it will:

1. promote social media mobilization;
2. establish a Best Practice Platform and Stakeholder Portal that may support mutual learning activities;
3. create a web of local initiatives to promote mobilization and mutual learning at local level and to enhance the transferability of the most effective policies and practice.

Policy Watch

WP6 will ensure a reflection on EU strategic priorities about pandemics and a regular monitoring other EU related initiatives and policy developments at local, national and European levels, in order to better connect with policy cycles. **WP6** will also aim to liaise with Research or Policy EC services involved in Challenges 1 (Health, demographic change and wellbeing).

Communication

WP7 aims to:

Evaluation

WP8 aims to carry out an in-depth independent evaluation of the methodology and implementation progress of ASSET and of its potential impacts on citizens and civil society, throughout the duration of the project, in relation to its objectives and expected impacts. **WP8** objectives are to provide:

1. the continuous project monitoring and ongoing evaluation;
2. ex-post evaluation of project WPs and critical activities.

Legacy

WP9 will set up a strategy for ensuring post-action sustainability and to give future participants, wishing to pursue ASSET, the means to efficiently implement ASSET recommendations. **WP9** objectives are:

Management

The Project Management Office aims at properly initiating the management tools, running the appropriate monitoring and control procedures, and assisting all the beneficiaries for optimal performance and reporting up to the end of the project. This includes, but is not limited to:
